

Polar serial numbers

Beschrijving

Prior to 1971 the actual manufacturing year is listed with the machine numbers

After 1971 the first 2 numbers plus 30 added to the serial numbers are the year of production. So, 60xxxx is 1990, 88xxxx is 2018 etc.

Click here for the used [DIN sizes](#), more [serial numbers](#) and the [HS codes](#) of graphic machinery.
